

Service Line Protection Available for Buckingham Township Homeowners

Buckingham Township, PA - November 11, 2020 - Buckingham Township has partnered with Service Line Warranties of America (SLWA) to offer protection to Buckingham homeowners for the water and sewer service lines that connect their homes to the township's systems. The coverage is voluntary and available at affordable monthly prices. Founded in 2003, SLWA has partnered with over 1000 leading cities and municipalities in the US to provide repair service plans that offer homeowners peace of mind and convenience.

"Many homeowners do not know that damage to the service lines on their property is their responsibility to repair," said Steve Clark, Director of the Buckingham Township Water and Wastewater Department. "In the event of a service line repair emergency, the homeowner is responsible for scheduling the repair and covering the associated cost. As Buckingham Township homes age along with the infrastructure serving them, SLWA repair plans provide homeowners with an optional solution so they can be prepared for this type of unexpected repair."

The SLWA Service Line Warranty Program protects against repairs needed to pipes on homeowners' property. Repairs to these pipes are not covered by basic homeowners' insurance or by the Township. If a customer's service line is in need of repair, a simple call to the SLWA 24-hour hotline will dispatch a local, licensed contractor familiar with local code. There are no service fees or deductibles.

Many factors contribute to the life expectancy of a service line including the age, type of piping material, soil conditions and installation quality - all factors which are covered through the SLWA protection program. This program is voluntary for homeowners, provided at no cost to Buckingham Township and no public funds are used to promote or administer the program.

"Our service plans not only cover the cost of the repair; they also provide homeowners with reputable, local contractors who will do the best possible job," said Tom Rusin, CEO of SLWA parent HomeServe USA. "We're thrilled to be partnering with the Buckingham Township and look forward to the opportunity to provide Buckingham homeowners with the assistance they need when faced with a home repair emergency."

SLWA has been recognized as the nation's largest and most trusted source of utility line plans endorsed by the National League of Cities. The company is committed to delivering an excellent customer service experience and maintaining an A+ accredited rating with the Better Business Bureau. For questions about this service, or to enroll, please contact SLWA at 866-922-9006 or visit www.slwofa.com.
